Creating the Beautiful Places by Endless Decorative Inspiration

CONWOOD is the leading decorative wood replacement product which was produced from the fine-selected cellulose and hi-quality Portland Cement under the advance and green manufacture technology from Switzerland.

We provides the wide range of product variety to cove with all areas of the building decoration (Floor Decoration, Wall Decoration, Eave and Ceiling Decoration, Multi-Decoration, and Fiber Cement Paint). Our products are designed to use internally and externally with the durability, termite proof, and incombustibility, at the while maintaining the look and feel of authentic wood.

COWOOD desire to keep the world alive by conserving trees and believe that using less natural wood but still keep the beauty of nature on any decoration.
